Camille, I thought I was saving time by simply passing this on. In those places where no code appears, the code already exists. For your and Nikki's needs, I have filled in the blanks. Check through this E-mail again. All the codes are there.

Dee,
Is this complete? It seems as though there are some codes missing for some packings on the menthol promo's. Please get back to Nicki with the answer. I will not be in on Friday.
Thanks,
Camille

Guy,

Listed below are the codes you need for the Basic Menthol Promotions.
(For the time being you can ignore the half carton codes.) The codes Vernon has listed are the ones that DID NOT EXIST PREVIOUSLY. The ones that do not appear, like F/F 85's 2 for 1 (code 6330) have been set up already (633A). And if this doesn't make sense to you, call me on Ext. 3771.
